

Together Conference Registration

Join us at The Together Conference as we create a space that brings together youth activists as we move forward in creating a new normal that is more inclusive, sustainable, and equitable. This moment in our history calls for an action-oriented space that enables critical reflection, facilitates open dialogue for sharing struggles, and plans a collective path forward for our movements. We will identify the most prevalent problems, offer solutions, and develop recommendations that address key issues faced by LGBTQI+ youth. The conference will conclude with the publication of The Together Statement, a democratically-created collective statement that will be used for meaningful impact among policymakers, activists, community-based organizations, and academics.

This online and highly-interactive conference will reflect the democratic youth engagement and decision-making practices we aim to foster in our societies. These two days will be a seed in building a movement of LGBTQI+ youth activists advocating through both unity and intersectionality for the areas that impact their everyday lives. The Together Conference will recenter the ongoing work of our community, drive forward impact on a global scale, and form futures where all LGBTQI+ youth are free and equal.
